WORK EXPERIENCE

Kudelski Security, Bangalore

Dec 2021 - PRESENT

Software Engineer: Mentored juniors, managed sprints, and received a Team Award for outstanding dedication and teamwork.

Associate Engineer: Led front-end architecture; awarded Bravo Award for exceptional performance on the Orbit Project.

Trainee Engineer: Mastered React.js, Node.js, and TypeScript; contributed to various projects with dynamic UI implementations.

PROJECTS

UCM — (*Use Case Manager*)

Developed and maintained a React.js app for monitoring attack coverage with the [MITRE ATT&CK](#) Framework. Used HTML, CSS, Bootstrap, SCSS, Yarn, React.js, Redux, Vite, and Node.js. Improved UI responsiveness and cross-browser compatibility, and designed with Figma.

CFC-UCM — (*Cyber-Fusion-Center*)

Developed two libraries, [Threat Navigator](#) and Resiliency Guidance, using HTML, CSS, Material UI, Yarn, React.js, Redux, Vite, React Query, and Node.js.

EDUCATION

PSNA CET, Dindigul — *Bachelor of Engineering (BE)*

JAN 2016 - SEP 2020

Bachelor's in Computer Science from PSNA College.
